### **Comments from the Group CEO (Thomas Kalita)**

Q4 2021 was a challenging quarter in terms of performance figures, especially with comparison to strong figures of Q4 2020. Due to the lower than expected performance, I led a detailed review of all the subsidiaries within the Group. The review resulted in a detailed action plan. In brief, the plan is focusing on future growth of revenues and increased profit through

improved management of cost. Here are the main areas of the action plan:

- ✓ New operational structure with a strengthen organisation.
- ✓ Re-engineered and strengthened affiliate sales department.
- ✓ Re-designed customer retention program.
- ✓ New  $3^{rd}$  party state of the art CRM software, to be implemented mid Q1 2022.
- ✓ Strengthened payments department.
- ✓ Improved casino offer.
- ✓ Aggressive plan to roll-out the strong Sportsbook offer.
- ✓ Launching an SEO department.
- ✓ Daily follow up of cost drivers and improvement actions within mainly Cost of Sales.

The quarter started slow but picked up in November and December, showing the first signs that the action plan, though still in early implementation phase, is working and starting to produce results:

Despite the challenges, 2021 was the best year in the Group's history in terms of revenues. The Board of Directors proposes the second best-ever distribution to the shareholders of €6,373,725 (€0.085 per share) by way of dividend for the fiscal year 2021. The Group has some challenges ahead, but we are confident that the plan going forward is the right path for future growth and profits for the Group. During the next 6 months, in addition to carrying out the role of the Group CEO, I will be the Acting Operational CEO to ensure the proper implementation of the improvement plan in all departments.
