## **Events during Q1 2023**

- The Board of Directors, as mentioned in the previous Q-report, does not recommend distribution to shareholders by way of dividend for the fiscal year 2022, given the challenging 2022 and investments in new innovative projects.
- An additional B-to-B casino was signed-up during the quarter with the planned launch date early Q3 this year.
- The Group continue to invest in two of the Group's relatively new business areas, namely the Sportsbook offer and the Joint Venture within the field of affiliate marketing in South America. Both these projects continue to grow their revenues although still representing a small part of the Group's revenues.

## **Comments from the CEO (Thomas Kalita)**

A year ago (during Q1 2022), due to the poor operational result, I took an additional role of Acting Operational CEO to lead the execution of the Group's improvement action plan. Due to the encouraging result in Q1 this year and the positive trading update the Board and I have agreed that I will continue to be both the Group and Operational CEO in 2023. We will continue

to focus on improving the Group's revenues and EBIT by further benefiting from and improve the actions that were implemented in 2022:

- Re-positioning of the Group's proprietary I-Gaming platform the Group's fully owned proprietary platform is a strong asset. During 2022 the Group heavily invested its existing resources into a new state of the art functions and features, resulting in a competitive, costeffective and user-focused I-Gaming platform with a high end-user entertainment value. The first proof of the updated and new I-Gaming platform's performance came with the launch of the first new B-to-B partner's casino on the platform mid-December 2022. So far, this launch has been a success, with revenues from this launch already representing 7% of the total Net Gaming Revenues in Q1 2023 and 12% of the total Net Gaming Revenues in April 2023. New B-to-B launches will follow, and existing B-to-B partnerships are being upgraded to the new I-Gaming platform.
- Increased focus on the B-to-B offerings three new B-to-B casino projects were signed in 2022 and an additional B-to-B casino project was agreed during Q1 2023. We continue getting requests from existing and potential new B-to-B partners.
- Tightened cost controls several costly or unprofitable affiliate partnerships were closed down, and many others have been re-negotiated, prioritising long term sustainable business over short time revenues at high cost. The Company continued to uphold its earlier decision and policy of lowering marketing investment in Sweden with respect to Premiergaming Ltd, the Group's subsidiary focusing mainly on Sweden, since this company continues to be discriminated against in Sweden by being denied access to SWISH, despite being a licensed operator in Sweden duly paying Swedish gaming taxes. Moreover, more stringent policies on supplier due diligence and proactive and agile supplier cost and doubtful debts controls have been implemented.
- Investment in people the investment in a strengthen management team in early 2022 was fundamental for the plans of being a strong player within the industry and we continue to focus on having a strong management team. Further the Group will continue to invest in its human resources and compliance processes. In particular, the Group's Responsible Gaming and Anti-Money Laundering ('AML') departments, two very important factors for the long-term sustainability of the Group's business, continued to be an area of focus.
- Embracing new business verticals the Group continue to invest in two of the Group's relatively new business areas, namely the Sportsbook offer and the Joint Venture within the field of affiliate marketing in South America. As the Group increases its focus on B-to-B offerings, maintaining a competitive Sportsbook as part of its offering becomes an important strategic factor.

In summary, all these efforts aiming at one goal: to re-inject innovation - the 'trademark' that made us one of the fastest growing listed I-Gaming companies in the world a few years ago - back into the Group's DNA.
